THANK YOU FROM THE W.M.U.: Thank you for your soup donations. This year, we collected 318 cans. It is not too late. We will be collecting cans through next Sunday. Last year, 162 cans were collected. The Salvation Army was very appreciative. The Agape Sunday School class is the winner of the collection contest. Thank you all for your donations.

TO MY DEAR GPBC FAMILY & FRIENDS: I want to thank each of you who has shown your love for Charlie and me since my surgery. I deeply appreciate your cards, letters, & phone calls, as well as your visits that have brightened my days. I am especially grateful for your many prayers & blessings that have touched me in so many positive ways. Your acts of kindness have truly been uplifting. These past weeks have been difficult and challenging for me at times but, with the Lord's help, I am showing signs of improvement. My shoulder is healing nicely and the blood clot I developed in my leg is gradually easing. I have many more weeks of therapy ahead. My recovery has been a bit slower than I expected. Still, I hope it won't be long before Charlie and I can be back in our SS classes & in worship service with you all. I miss my SS class & all of my dear friends at Gloucester Point. Please continue to remember me in your prayers. —In Christian love, Queenie Holt

"More than Nets"

The CYM (Children & Youth Ministry) is leading a church wide mission project during the month of February. It is called "More than Nets". It's a comprehensive project of the Virginia and Ghana Baptists. They distribute nets to the Yendi Villages in Ghana, Africa. Through this ministry, they have the opportunity to share the love of God.

In the northern regions of Ghana, malaria prevalence is over 90%. Malaria is a mosquito-borne disease caused by a parasite. The nets help to stop the spread of malaria. The nets protect the Yendi people while they sleep at night. They also have a chemical on them that helps to kill the mosquitos. The nets are \$10 each, but \$10 covers so much more...\$6 goes toward the net, \$1 goes toward the transportation of the net from the capitol city to the Yendi Villages, \$2 provides health education through local nurses and public health workers, and \$1 goes to assisting church planters with ministries in the villages, providing Bibles and a set of drums. It is amazing to see what God is doing in the lives of the Yendi people through the Ghana and Virginia Baptists.

Our GPBC goal is to raise \$2200, which equates to approximately 2 nets per GPBC family. Our goal provides nets for an entire village.

Please be in prayer for our church to meet our goal, for the Yendi people, and the More than Net's project. See the CYM presentation board in the narthex for more information.
