

During the Covid-19 pandemic I've had ample time to walk around outside and enjoy God's creation. I've notice the flowers...some with their heads humbly bowed and others with their faces expectantly looking up to the sky.

Much like the flowers, we find ourselves humbly bowing our heads when we realize the majesty of our world, how huge and complex things are, how small we are and how in control God is!

We can't help but realize that there is someone much greater!

Upon that realization we lift our faces to the sky acknowledging our Lord and Savior, Creator of All things!

During this time when things seem so uncertain you can be certain that God is in control, that He has a plan for this world and specifically for you!

God cares for all of His creation. This should cause us to rejoice in our trials. If He provides for even the smallest flowers, how much more will He provide for you! You are so loved. He sees you in your situation. It might seem like God is nowhere in sight. However, don't look to what is seen. God will take care of you in your situation.

Take this time of isolation to spend time with God, continue to develop your relationship with Him and seek His purpose for your life.

Matthew 6: 28-30

28 "And why do you worry about clothes? See how the flowers of the field grow. They do not labor or spin.

29 Yet I tell you that not even Solomon in all his splendor was dressed like one of these.

30 If that is how God clothes the grass of the field, which is here today and tomorrow is thrown into the fire, will he not much more clothe (and take care of you)—you of little faith?

Blessings,

Leslie Belvin
