Ukrainian Relief

Currently the BGAV is providing emergency relief funds to Ukraine through the European Baptist Federation (EBF) of which Ukrainian Baptists are members. The EBF is the main coordinating body for this response at the request of Ukrainian Baptists. Any funds received right now are being used to purchase necessary items such as food, hygiene items, medicine, generators, gasoline, blankets, pillows, and necessary items for the internally displaced people (IDPs) and refugees and the shelters set up for them.

In the coming weeks Ukraine and bordering countries will be presenting more specific proposals to the EBF which will then be passed along to the partners for further funding.

We are all doing this together (including US based Baptist groups) through the Baptist Forum for Aid and Development (BFAD) which is a network of global Baptist organizations committed to working together in times of disaster. The BGAV is a founding member of BFAD and currently holds a seat on their Steering Committee.
